**COMPANION POLICY 13-502CP
FEES****PART 1 PURPOSE OF COMPANION POLICY**

1.1 Purpose of Companion Policy - The purpose of this Companion Policy is to state the views of the Commission on various matters relating to Rule 13-502 Fees (the "Rule"), including

- (a) an explanation of the overall approach of the Rule;
- (b) explanation and discussion of various parts of the Rule; and
- (c) examples of some matters described in the Rule.

PART 2 PURPOSE AND GENERAL APPROACH OF THE RULE**2.1 Purpose and General Approach of the Rule**

- (1) The general approach of the Rule is to establish a fee regime that accomplishes three primary purposes – to reduce the overall fees charged to market participants from what existed previously in Ontario, to create a clear and streamlined fee structure and to adopt fees that accurately reflect the Commission's costs of providing services.
- (2) The fee regime implemented by the Rule is based on the concept of "participation fees" and "activity fees".

2.2 Participation Fees

- (1) Participation fees generally are designed to represent the benefit derived by market participants from participating in Ontario's capital markets. Reporting issuers, registrant firms and unregistered investment fund managers are required to pay participation fees annually. The participation fee is based on a measure of the market participant's size, which is intended to serve as a proxy for the market participant's use of the Ontario capital markets. The amounts of the participation fees have been based on the cost of a broad range of regulatory services that cannot be practically or easily attributed to individual activities or entities. Participation fees replace most of the continuous disclosure filing fees and other activity fees formerly charged to market participants under the previous fees regime.
- (2) The Rule provides for
 - (a) corporate finance participation fees, which are applicable to reporting issuers other than most investment funds; and
 - (b) capital markets participation fees, which are applicable to registrant firms and unregistered investment fund managers.

2.3 Activity Fees - Activity fees are designed to represent the direct cost of Commission staff resources expended in undertaking certain activities requested of staff by market participants, for example in connection with the review of prospectuses, applications for discretionary relief or the processing of registration documents. Market participants are charged activity fees only for activities undertaken by staff at the request of the market participant. Activity fees are charged for a limited number of activities only and are flat rate fees based on the average cost to the Commission of providing the service.

2.4 No Refunds

- (1) Generally speaking, a person or company that pays a fee under the Rule is not entitled to a refund of that fee. For example, there is no refund available for an activity fee paid in connection with an action that is subsequently abandoned by the payor of the fee. Also, there is no refund available for a participation fee paid by a reporting issuer, registrant firm or unregistered investment fund manager that loses that status later in the financial year for which the fee was paid.

- (2) An exception to the principle discussed in subsection (1) is provided for in subsection 2.3(3) of the Rule. This provision allows for the adjustment of a participation fee paid by a Class 2 or some Class 3 reporting issuers based on a good faith estimate of its capitalization as at the end of a financial year if its financial statements are not available.
- (3) The Commission will also consider requests for adjustments to fees paid in the case of incorrect calculations made by fee payors.

2.5 Indirect Avoidance of Rule - The Commission may examine arrangements or structures implemented by market participants and their affiliates that raise the suspicion of being structured for the purpose of reducing the fees payable under the Rule. In particular, the Commission will be interested in circumstances in which revenues from registrable activities carried on by a corporate group are not treated as revenues of a registrant firm, thereby possibly artificially reducing the specified Ontario revenue calculations used in determining fees payable under the Rule.

PART 3 CORPORATE FINANCE PARTICIPATION FEES

3.1 Application to Investment Funds - Section 2.1 of the Rule excludes investment funds from the application of Part 2 of the Rule, except if they do not have an investment fund manager. An investment fund that has an investment fund manager does not have to pay corporate finance participation fees because its manager will be paying the capital markets participation fees in respect of revenues generated from managing the investment fund. However, if the investment fund does not have an investment fund manager, the fund is made subject to the corporate finance participation fees to ensure that it does not have an unfair advantage over other reporting issuers that are required to pay such fees.

3.2 Fees Payable in Advance

- (1) Section 2.2 of the Rule prescribes the annual payment of a participation fee by each reporting issuer other than those that are exempt from this fee under section 2.1 of the Rule. Subsection 2.2(1) of the Rule requires the payment of a fee, for each of its financial years, to be based on the capitalization of the reporting issuer as at the end of its previous financial year. Subsection 2.3(1) of the Rule requires the payment of this participation fee to be no later than the date on which the reporting issuer's annual financial statements are required to be filed.
- (2) The Commission notes that the effect of sections 2.2 and 2.3 of the Rule is that a participation fee is payable in advance by a reporting issuer for its current financial year, even though the fee is based on the capitalization of the reporting issuer at the end of its previous financial year.
- (3) Section 2.8 of the Rule pertains to the payment of a participation fee for a new reporting issuer. This section is consistent with the principle that a participation fee is payable in advance. A new reporting issuer is required to pay a participation fee when it becomes a reporting issuer for the remainder of its current financial year; the reporting issuer is required to calculate an annual participation fee in accordance with the requirements of section 2.8 of the Rule, and pay a proportionate amount based on the number of months left in the financial year.
- (4) A person or company that ceases to be a reporting issuer in a financial year is not entitled to any refund of the participation fee payable for that financial year, as discussed in subsection 2.4(1) of this Policy.

3.3 Determination of Corporate Debt Market Value

- (1) Section 2.5 of the Rule requires the calculation of the capitalization of a Class 1 reporting issuer to include the market value, at the end of the financial year for which a participation fee is being calculated, of each class or series of corporate debt or preferred shares of the reporting issuer or, if applicable, a subsidiary entity of the reporting issuer. It is noted that the requirement that corporate debt or preferred shares be valued in accordance with market value excludes from the calculation corporate debt or preferred shares that are not

traded in a market and that therefore do not have a market. For instance, corporate debt of an issuer to its bankers generally would have no market value and would not be included in these calculations.

- (2) The Commission recognizes that the determination of the market value of corporate debt or preferred shares is a more difficult task than the determination of the market value of equity securities, which are usually listed and for which trading prices are generally readily available. Therefore, the Commission wishes to allow reporting issuers to use the best available source for pricing its corporate debt and preferred shares. The Commission notes that, at the time of this Policy, the best available source may be one or more of
 - (a) pricing services;
 - (b) quotations from one or more dealers; or
 - (c) transaction prices on recent transactions.

3.4 Class 3 Reporting Issuers - Paragraph 2.7(b) of the Rule requires that the participation fee for a Class 3 reporting issuer that has no debt or equity securities listed or traded on a marketplace located anywhere in the world be determined by reference to the percentage of outstanding equity securities of any class of the Class 3 reporting issuer registered in the name of, or held beneficially by, Ontario persons. It is noted that this calculation would be made on the basis of the aggregate numbers of all outstanding equity securities of all classes of equity securities of the Class 3 reporting issuer.

3.5 "Green Shoes" and Over-Allotment Options - Paragraph 2.8(2)(b) of the Rule requires that the participation fee for Class 1 and Class 3 reporting issuers be based on the issue price of the securities being distributed under a prospectus. The Commission notes that this calculation should assume the issue of any securities under "green shoes" or over-allotment options.

PART 4 CAPITAL MARKET PARTICIPATION FEES

4.1 Fees Payable in Advance

- (1) As with corporate finance participation fees, capital market participation fees are paid in advance by a registrant firm or an unregistered investment fund manager. The discussion contained in section 3.2 of this Policy is relevant to capital market participation fees as well as corporate finance participation fees.
- (2) Subsections 3.2(1) and 3.3(1) of the Rule require each registrant firm to file its Form 13-502F3 respecting its participation fee by December 1, and to pay its participation fee by December 31, in each year. The fixing of one date for each of the filing and fee payment by a registrant firm is consistent with the National Registration Database ("NRD") system to be implemented by the Canadian securities regulatory authorities; the NRD system contemplates a common renewal date for all registrants of December 31 in each year. This participation fee is paid for the next calendar year, based on the specified Ontario revenues for its previous financial year, even if the financial year of the registrant firm ends on December 31. Therefore, a registrant firm with a financial year end of December 31 will, by December 1, 2002, file its Form 13-502F3, and pay its participation fee by December 31, 2002, in order to pay its participation fee for the 2003 calendar year. Even though that filing and payment will satisfy the registrant firm's obligations contained in Part 3 of the Rule for the 2003 calendar year, the calculation of the participation fee will be based on the specified Ontario revenues of the registrant firm for the financial year ended December 31, 2002.
- (3) A registrant firm with a financial year end of June 30, will, for instance, file a Form 13-502F3 by December 1, 2002 and pay its participation fee by December 31, 2002. That filing and payment will satisfy the registrant firm's obligations contained in Part 3 of the Rule for the 2003 calendar year, but the calculation of the participation fee will be based on the specified Ontario revenues of the registrant firm for the financial year ended June 30, 2002.

- (4) An unregistered investment fund manager must file its Form 13-502F3 and pay its participation fee within 90 days after the end of each of its financial years. The participation fee for an unregistered fund manager is for its current financial year, rather than for a calendar year, and is calculated on the basis of the audited financial statements of the unregistered investment fund manager for its previous financial year. Therefore, an unregistered investment fund manager having a financial year end of June 30, will in 2003 file its Form 13-502F3 and pay its participation fee by September 29, 2003. That payment will satisfy the unregistered investment fund manager's obligations contained in Part 3 of the Rule for its financial year of July 1, 2003 to June 30, 2004, but the calculation of the participation fee will be based on the specified Ontario revenues of the unregistered investment fund manager firm for the financial year ended June 30, 2003.

4.2 Late Fees - Section 3.7 of the Rule prescribes the payment of additional fees in case of overdue payment of fees. The Commission notes that it will, in appropriate circumstances, consider tardiness in the payment of fees as a matter going to the fitness for registration of a registrant firm in considering the registration status of that registrant firm. The Commission may also consider other appropriate measures in the case of late payment of fees by an unregistered investment fund manager, such as prohibiting the delinquent unregistered investment fund manager from continuing to manage any investment fund or cease trading the investment funds managed by that manager.

4.3 Form of Payment of Fees - Unregistered fund managers will not be participants in the NRD, so it will be necessary for them to make filings and pay fees under Part 3 of the Rule by paper copy. The filings and payment should be sent to the Ontario Securities Commission, Investment Funds.

4.4 "Capital Market Activities" - A number of the capital market participation fees involve consideration of the capital market activities undertaken by a person or company. The term "capital market activities" is defined in Section 1.1 of the Rule to include "activities for which registration under the Act or an exemption from registration is required". The Commission is of the view that these activities would include, without limitation, trading in securities, providing securities-related advice and portfolio management services. The Commission notes that corporate advisory services may not require registration or an exemption from registration and would therefore, in those contexts, not be capital markets activities.

4.5 Owners' Equity - A Class 2 reporting issuer and a Class 3 reporting issuer that has no debt or equity securities listed or traded on a marketplace located anywhere in the world, calculate its capitalization on the basis of certain items reflected in its audited balance sheet. One such item is "share capital or owners' equity". The Commission notes that "owners' equity" is designed to describe the equivalent of share capital for non-corporate issuers, such as partnerships or trusts.

PART 5 ACTIVITY FEES

5.1 Late Filing Fee

- (1) Item M.1 of Appendix C of the Rule lists the documents the late filing of which will be subject to a fee of \$100 per business day, up to a maximum of \$5,000 for all documents within one financial year. The last item in the list refers to "any other notice, document, report or form required by Ontario securities law to be filed or submitted within a prescribed period".
- (2) It is noted that the phrase "Ontario securities law" includes "a decision of the Commission or a Director to which [a] person or company is subject". Some orders or decisions of the Commission or a Director have granted exemptions to investment funds from certain conflict-of-interest provisions of the Act or National Instrument 81-102, on the condition that reports of certain transactions are filed on SEDAR within a prescribed period. The purpose of this condition would ensure transparency in such transactions. Market participants are reminded that the fee for late filing contained in the Rule would be applicable to those filings, as well as to filings required under the Act, the Regulation or the Rules.

5.2 Permitted Deductions

- (1) For the purpose of calculating specified Ontario revenues that would be the basis for determining the participation fee payable by a registrant firm that is not a member of the IDA or MFDA or an unregistered investment fund manager, subsections 3.6(2) and (3) permit certain deductions to be made. These deductions are intended to prevent "double counting" of revenues that would otherwise occur in the absence of the deductions.
- (2) It is noted that the permitted deduction of administration fees is limited solely to those that represent the recovery of costs from investment funds for operating expenses paid on their behalf's by the registrant firm or unregistered investment fund manager. No registrant firm or unregistered investment fund manager may make a deduction for more than the amount of administration fees it has paid on behalf of an investment fund managed by the registrant firm or unregistered investment fund manager.

5.3 Investment Funds - Section 4.2 of the Rule provides for the payment of only one fee for an application made by or on behalf of investment funds in an investment fund family, if the application pertains to each investment fund. It is contemplated that discretionary relief required by investment funds in an investment fund family in circumstances that are the same for all of them can be sought by way of a single application.

5.4 Calculation Examples - Appendices A through E contain some examples of how fees would be calculated under the Rule.
